Filing Date: July 14, 2003

Title: "Nodulisporic Acid Derivative For Spot-On Formulations For Combating Parasites"

Assistant Commissioner for Patents
P.O. BOX 1450
Alexandria VA 22313-1450

Sir:

INFORMATION DISCLOSURE STATEMENT

Applicants hereby voluntarily disclose the items listed on the attached Form PTO-1449 to the Assistant Commissioner for Patents. A copy of each of these documents is provided herewith.

Applicants further reserve the right to establish the patentability of the claimed invention over any of the listed information should they be applied as references, and/or to prove that some of the cited information may not be prior art, and/or to prove that some of the cited information may not be enabling for the teachings they purport to offer. This statement further should not be construed as a representation that an exhaustive search

has been made, or that the information cited herewith is material, or that there does not exist information more material to the examination of the present Application. The Examiner is specifically requested not to rely solely on the information submitted herein. On the contrary, the Examiner is requested to conduct an independent and thorough review of the information, and to form independent opinions as to their significance.

It is respectfully requested that the Examiner initial and return copies of the enclosed PTO-1449 and to indicate in the official file wrapper of the above-identified patent application that each item of the cited information has been considered.

No fee is believed to be due for the submission of the attached Information Disclosure Statement, since it is filed in accordance with 37 C.F.R 1.97(b) and before the first Office action on the merits. However, If any fee or extension of time is required to obtain entry of this Response, the undersigned hereby petitions the Commissioner to grant any necessary time extension and authorizes charging Deposit Account No. 502354 for any such fee not submitted herewith.

Respectfully submitted,

Judy Jarecki-Black, Ph.D., J.D.
